AUSTRALIAN JOURNAL OF ZOOLOGY

A medium for the publication of the results of original scientific research in all branches of zoology.

Published by the Commonwealth Scientific and Industrial Research Organization.
Issued as material becomes available, \$A1 per issue.

BOARD OF STANDARDS

The Board of Standards for this Journal is appointed by the Commonwealth Scientific and Industrial Research Organization and the Australian Academy of Science and consists of Professor J. S. Turner (Chairman), Mr. A. E. Scott (Editor-in-Chief), Professor C. W. Emmens, Dr. S. D. Hamann, Professor C. B. O. Mohr, and Professor G. H. Satchell.

ADVISORY COMMITTEE

Acceptance of papers for this Journal is in the hands of an Advisory Committee appointed by the Board of Standards and consisting of Mr. A. E. Scott (Editor-in-Chief and Chairman), Professor L. C. Birch, Professor A. M. Clark, Dr. K. H. L. Key, Dr. W. D. L. Ride, and Professor I. W. B. Thornton.

All enquiries and manuscripts should be forwarded to:

The Editor-in-Chief,
Editorial and Publications Section, CSIRO,
Sixth Floor,
372 Albert Street,
East Melbourne, Victoria 3002

CONTENTS

NUMBER 1, FEBRUARY 1968

	PAGE
The development of the chondrocranium in two species of the Australian anuran genus <i>Pseudophryne</i> Fitzinger. By C. M. Jacobson	1
A histochemical examination of the epidermis of the southern elephant seal (<i>Mirounga leonina</i> L.) during the telogen stage of hair growth. By R. I. C. Spearman	17
Estimates of the size of winter flocks of the pied currawong, <i>Strepera graculina</i> (Shaw), from mark-recapture data—a new approach. By J. L. Readshaw	27
The distribution, abundance, and seasonal movements of the pied currawong, <i>Strepera graculina</i> (Shaw), an important bird predator of Phasmatidae, in eastern Australia. By J. L. Readshaw	37
The biology, origin, and adaptation of <i>Miniopterus australis</i> (Chiroptera) in New South Wales. By P. D. Dwyer	49
Coccidiosis in wild rabbits, <i>Oryctolagus cuniculus</i> (L.), at four sites in different climatic regions in eastern Australia. I. Relationship with the age of the rabbit. By Eleanor Stodart	69
Studies on the morphology and relationships of male <i>Apiomorpha</i> and <i>Opisthoscelis</i> (Hemiptera: Coccoidea). By J. G. Theron	87
A gynandromorphic grasshopper produced by double fertilization. By M. J. D. White	101
A numerical taxonomy of orthopteroid insects. By R. E. Blackith and Ruth M. Blackith	111
A morphological and functional study of the venom apparatus in representatives of some major groups of Hymenoptera. By Phyllis L. Robertson ..	133
Corrigendum	166

NUMBER 2, MAY 1968

	PAGE
Revision of the genus <i>Brachyhesma</i> Michener (Apoidea: Colletidae). By Elizabeth M. Exley	167
Revision of the genus <i>Euryglossula</i> Michener (Apoidea: Colletidae). By Elizabeth M. Exley	203
Revision of the genus <i>Euryglossella</i> Cockerell (Apoidea: Colletidae). By Elizabeth M. Exley	219
<i>Quasihesma</i> —a new genus of Australian bees (Apoidea: Colletidae). By Elizabeth M. Exley	227
Australian Blattidae (Blattodea). VIII. The <i>Platyzosteria</i> group; subgenus <i>Melanozosteria</i> Stål. By M. Josephine Mackerras	237
Notes on the Indo-Australian basicerotine ants (Hymenoptera: Formicidae). By R. W. Taylor	333
A review of the tribe Rutiliini (Diptera: Tachinidae). I. Genera other than <i>Rutilia</i> Robineau-Desvoidy and <i>Formosia</i> Guérin-Méneville. By the late S. J. Paramonov	349

NUMBER 3, JULY 1968

A contribution to the systematics of the genus <i>Amitermes</i> (Isoptera: Termitidae) in Australia. By F. J. Gay	405
The Tipulidae (Diptera) of Australia. I. A review of the genera of the subfamily Tipulinae. By N. V. Dobrotworsky	459
The Tipulidae (Diptera) of Australia. II. The genus <i>Clytocosmus</i> Skuse. By N. V. Dobrotworsky	495
Australian Blattidae (Blattodea). IX. Revision of Polyzosteriinae tribe Methanini, Tryonicinae, and Blattinae. By M. Josephine Mackerras	511

NUMBER 4, SEPTEMBER 1968

	PAGE
Reproduction and post-natal development in the marsupial <i>Bettongia lesueur</i> (Quoy & Gaimard). By C. H. Tyndale-Biscoe	577
Influence of the spleen on blood volume and haematocrit in the brush-tailed possum (<i>Trichosurus vulpecula</i>). By T. J. Dawson and M. J. S. Denny ..	603
The annual interrenal tissue cycle within the adrenal gland of the eastern rosella, <i>Platycercus eximius</i> (Aves: Psittaciformes). By B. K. Hall ..	609
Coccidiosis in wild rabbits, <i>Oryctolagus cuniculus</i> (L.), at four sites in different climatic regions in eastern Australia. II. The relationship of oocyst output to climate and to some aspects of the rabbit's physiology. By Eleanor Stodart	619
The skin and hair of the southern elephant seal, <i>Mirounga leonina</i> (L.). III. Morphology of the adult integument. By J. K. Ling	629
Origin and evolution of parthenogenetic reproduction in the grasshopper <i>Moraba virgo</i> (Eumastacidae: Morabinae). By M. J. D. White and G. C. Webb	647
Studies on the histereid beetle <i>Pachylister chinensis</i> in Fiji, and its possible value in the control of buffalo-fly in Australia. By G. F. Bornemissza ..	673
Nests and nesting behaviour of <i>Amegilla</i> (<i>Amegilla</i>) <i>pulchra</i> (Smith) (Hymenoptera: Apoidea: Anthophorinae). By Josephine Cardale	687
Observations on nests and nesting behaviour of <i>Amegilla</i> (<i>Asarapoda</i>) sp. (Hymenoptera: Apoidea: Anthophorinae). By Josephine Cardale ..	709
The three-dimensional gallery structure of the nest of the meat ant <i>Iridomyrmex purpureus</i> (Sm.) (Formicidae: Hymenoptera). By G. Ettershank ..	715

NUMBER 5, NOVEMBER 1968

Ecology of lice on sheep. VI. The influence of shearing and solar radiation on populations and transmission of <i>Damalinea ovis</i> . By M. D. Murray ..	725
Lactation and suckling in relation to early growth of the southern elephant seal, <i>Mirounga leonina</i> (L.). By M. M. Bryden	739
Incubation of eggs of three species of helid tortoises, and notes on their embryological development. By J. Goode and J. Russell	749

NUMBER 5, NOVEMBER 1968 (Continued)

	PAGE
The morphological basis of embryonic movements in the light brown apple moth, <i>Epiphyas postvittana</i> (Walk.) (Lepidoptera: Tortricidae). By D. T. Anderson and E. C. Wood	763
The fate of adventitious and embryonic articular cartilage in the skull of the common fowl, <i>Gallus domesticus</i> (Aves: Phasianidae). By B. K. Hall ..	795
A histochemical study of the condylar secondary cartilage of the mouse, <i>Mus musculus</i> (Mammalia: Rodentia). By B. K. Hall	807
Studies on the nature and evocation of the articular cartilage on the avian pterygoid. By B. K. Hall	815
Ultrastructural aspects of cartilage and membrane bone differentiation from common germinal cells. By B. K. Hall and C. D. Shorey	821
Meristic features and muscle protein characteristics of populations of galaxiid fishes. By P. M. Greenham	841
Reproductive condition and tentacle extirpation in Malayan <i>Achatina fulica</i> (Pulmonata). By A. J. Berry and L. C. Chan	849
Dormancy in the land snail, <i>Helicella virgata</i> (Pulmonata: Helicidae). By D. E. Pomeroy	857
The ecology of <i>Sminthurus viridis</i> (Collembola). II. Diapause in the aestivating egg. By M. M. H. Wallace	871
Aspects of the post-larval life history of <i>Limnadia stanleyana</i> King (Crustacea: Conchostraca). By J. A. Bishop	885
Corrigendum	895

NUMBER 6, DECEMBER 1968

Two new genera and three new species of crabs (Decapoda: Anomura: Albuneidae) from Australia. By I. E. Efford and Janet Haig	897
Revision of the genus <i>Euryglossina</i> Cockerell (Apoidea: Colletidae). By Elizabeth M. Exley	915
Index to Volume 16	1021
